

Moran Accepting Applications for Internships

Internship Openings in Washington, D.C. and Kansas Offices

Washington, D.C. - Congressman Jerry Moran today announced that he is accepting applications for 2005 spring semester Congressional internships in the Washington, D.C., Hays and Hutchinson offices. Intern responsibilities include assisting Congressman Moran and his staff with legislative and administrative projects.

The goal of the Congressional internship is to give young adults the opportunity to participate in the field of public service. Applications for spring internships are due by November 19, 2004. Spring semester internships are flexible but generally run from mid-January to mid-May and are paid positions.

To apply for an internship, students should submit the completed application form, along with a cover letter, resume, college transcripts and three letters of reference. The cover letter should explain their interest in the internship and the goals they hope to obtain from participation.

Applications can be obtained online at: www.house.gov/moranks01/internweb.htm or by calling (202) 225-2715. In order to ensure timely receipt of the application, students are encouraged to fax their applications to (202) 225-5124. If students are unable to fax their applications, they may send them to Congressman Moran's Hutchinson office.

"My own interest in public service started with a Congressional internship in Washington in 1974," Moran said. "My hope is that students are able to gain skills and learn more about our government, which they can take back and utilize in their communities."
